Professor A. H. Young,
Trinity College.

December 30th, 1915

Dear Professor Young:

I am sorry that you did not get your notices in time and that you have been unable to attend some of the Committees that were held this week. I quite realise that unless in exceptional circumstances it is best for us not to have meetings of committees during the holidays, but this year there are several questions that have been urgent, and which owing not to our fault have not yet been settled, particularly in regard to specialists' certificates, and we wish if possible to have them completed by the opening of the term.

Also, in regard to the Summer Session we must make our arrangements early. Partly owing to pressure through other work during the autumn this has been postponed.

I am afraid that it will often be impossible to give a week's notice for committees. Frequently they must be called in order to get the work done that may suddenly emerge. With the complexity of our Faculties and Colleges we have to fit in our afternoons with the greatest care and often cannot arrange great distances ahead. I think, however, that it is most gratifying that we do get as a rule such a representative gathering of men. With all our protracted discussions, however wearisome they often are, we secure freedom from cliques. With the season's greetings, I am,

Yours sincerely,

January 12th, 1916

Professor Young,
Trinity College,
Toronto.

Dear Professor Young:

I will lay before the Council of the Faculty of Arts and the Senate of the University your letters in which you state that you desire to resign from the committees of the Council and of the Senate. I am sure that both of these bodies will regret that you have felt it necessary to come to such a decision.

Yours sincerely,

President.

Professor A. H. Young,

Trinity College,

Toronto.

Dear Professor Young:

I am transmitting your letter to Dr. Macallum
the Chairman of the Graduate Committee.

I will take up the matter of the grievances
of Trinity College with the Provost as soon as I have an opportunity
of seeing him.

Yours sincerely,

President.

University College
Toronto, Jan. 29th, 1916.

Dear Mr. President:

I am exceedingly

only to have to trouble you again
with a resignation, for I thought
that my former letters had covered
the Board of Education studies.
It is told by the Secretary of it,
however, that I am still a
member of that body.

With even more

respect than I feel in the case
of the committees of the Faculty
and the Council, resign from
the Board, for I had done some-
thing, I blotted myself, toward
upkeeping matters connected with

graduate work in the University -
and I had hoped to do just now.
However, I am quite disengaged
by the way in which things
have begun and by the disengagement
of the chairman for other members
of the Board in the matter of
calling and postponing meetings -
so long as I was responsible for
this College, I tried, to my own disadvantage
as concerned my own work,
to fit myself in with the vagaries - and
I use the word advisedly - of those who
were responsible for calling meetings
at the University. Being out of that
office, I do not feel it to be my duty
to make either my own work or my
duties as Warden of Newcomen & Vice-Vicar
of the unbusinesslike procedure which
I am sorry to say, is followed in
nearly everything done at the University.
This again I say advisedly, for I
cannot agree with you that the measures
taken are as a rule either wise or voluntary.
Mr. Dr. G. Clark you must sometime
for this College whatever you may show to others.

D. H. G. & December 6th 1891
a. and January 2nd

who are responsible for the
calling of meetings.

Regrettably ~~stepply~~ again &
have to trouble you with a
letter, I am

Yours faithfully
C. H. Jenny.

W. H. A. Salter, C. M. I.,
President of the
University of Grant
Trusts.

Dear Mr. President:

I have this morning
received your letter stating
that you had sent mine of
Saturday on to the Chairman
of the Board of Graduate
Studies, and speaking of
"the grievances of Trinity
College." Without wishing
to get into controversy - which
I tried to avoid by writing
the same letter of resignation
of some weeks ago, which
were held not to cover the Board

Trinity College

of Graduate Studies - I fail
to see what good can come
of your action. If any
does come of it, so much the
better, for improvement is
soodly needed.

As to your letter "the
privileges of Trinity College;"
no such was used in my
letter, you will remember.
A mere personal opinion was
expressed - by way of comment
upon your first letter to me
expressing satisfaction with
the present order of things
and your unwillingness to
do anything in this way
of having meetings called
in good time and always
in time.

I have not taken the Provost
into my confidence in regard
to these resignations because
they were purely personal, &
no longer being the representative
of Trinity College or University
Committee. That function
is now proper, I take it, of the
Dean of Arts and the Registrar of
the College, though it was
inherent in me when I was
Registrar, as the Provost so
wished it to be.

However, as you appeal to
the Provost, I shall take him
into my confidence and I
shall explain to him
exactly how I think the College
suffers by the action of those
